## New Teachers Taken On City Tour

AT WESTGATE LUNCHEON, New teachers in the East Liverpool and Beaver Local School Districts lined up for a box luncheon at Westgate School cafeteria Tuesday noon after they were taken on a tour of the city in the annual reception arranged by the Chamber of Commerce in co-operation with the East Liverpool Teachers Association. At left is E. R. Chandler, executive manager of the Chamber, and at right are three new women instructors—Mrs. Anita Guire of Newell, on the Calcutta School faculty; Mrs. Jo-An Yedgenak of Chester, a McKinley School teacher, and Mrs. Marie Fowler of Pittsburgh, who will teach French at the High School. In the background are other new instructors.

Thirty-six new teachers starting the 1963-64 term today in the East Liverpool and Beaver Local School Districts were taken on a tour of the city Tuesday and then entertained at a luncheon at the Westgate School cafeteria.

It was the annual reception for new instructors, arranged by the public education committee of the Chamber of Commerce in co-operation with the East Liverpool Teachers' Association.

THE DAY'S program began with a "coffee hour" for all local teachers when they reported to Westgate for a general meeting yesterday morning — a prelude to the opening of the new term.

Coffee and doughnuts furnished by the teachers' association were

served all the instructors by the Chamber members.

When the general meeting ended about 11, the new local instructors — joined by the new teachers from Beaver Local — boarded a bus for a sight-seeing trip of the city.

The bus traveled up Lisbon St. to Grandview Ave., Pleasant Heights, for a general view of the city from the bluff overlooking the valley. Then the tour continued into the downtown area, where the shopping district was pointed out to the new teachers, as well as civic structures such as the Post Office and the Carnegie Public Library.

THE BUS then headed upgrade on St. Clair Ave., halting at an overlook point near the Riverview Cemetery entrance for a general view of the Ohio Valley upstream. The bus made a swing through Thompson Park and some of the adjacent residential districts before returning to Westgate for the box luncheon.

At the luncheon program, the new instructors were welcomed to the community by William D. Ogilvie, Chamber president.

Each was presented with an information packet on the community, including a city map, a list of points of interest in the area, a brochure with statistics and photos of the region and a pamphlet, "What is a Chamber of Commerce?"

Each teacher introduced himself and listed the school in which he will be serving.

BEAVER Local instructors were holding a general meeting at Beaver Local High School at the same time as the East Liverpool teachers' meeting. Chamber members went to the Beaver Local school in private cars to pick up the new instructors and bring them to Westgate in time for the tour and the luncheon.

Edwin Maloney is chairman of the Chamber's public education committee. Serving at the affair were members of his committee, as well as members of the Chamber's Board of Trustees.

They included: Ogilvie, Maloney, Harry Martin, James Locke, Harold Sneddon, H. J. English, School Supt. Paul Blair, Sam Brown, Donald Honicky and E. R. Chandler, executive manager of the Chamber.

Each teacher introduced himself and listed the school in which he will be serving.

## Council Head At Palestine Resigns Post

EAST PALESTINE — Chester Whitehouse resigned as president of Council Tuesday night, and Frank Early was named to the president post and A. E. Berresford was appointed to Early's seat.

Whitehouse, Ohio Highway Department supervisor for Columbiana County, resigned due to the incompatibility of the two posts.

However, he remains a Republican candidate for re-election as Council president in the November general election.

Early, councilman-at-large, of 316 E. Main St., is an employee of a grocery store and veteran member of Council.

Berresford, 268 Valley St., foreman of the composing room of the Leader Press, is a GOP candidate for Fourth Ward Council in November.

Council was given a report on the progress of the \$1,250,000 improvement at the city power plant and system, which will be completed by Dec. 1.

A new turbine is to go into operation in six weeks as a final phase of the huge project, which enlarged the power service of the plant and modernized the distribution system. A new 80,000-pound boiler is now undergoing tests.

Completion of the new sewage disposal plant adjacent to the present old plant is being delayed due to lack of delivery of parts, primarily tank blowers.

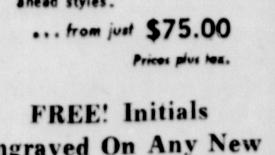

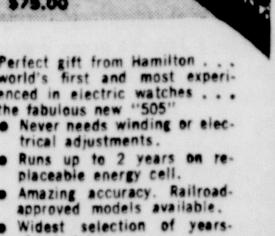

Discussion was held on the deposit of active and inactive city funds at the Union Commercial & Savings Bank, contrary to regulations calling for equal distribution at the Union bank and the First National Bank.

Council instructed City Auditor George Archibald to split the distribution between the two banks. Some \$700,000 in funds are on deposit at present.

## Regret Will Be Too Late!

The image of Soviet Russia's international posture is so indelibly clear that no one would even dare to doubt the selfish motive behind every foreign relations move she makes.

So it is with the limited nuclear test ban treaty. If it were not to Russia's advantage, she did not feel she could profit by it at the expense of the free world, she never would have consented to the discussions and certainly would not have signed the agreement.

Just what form this advantage will take is a subject for anyone's speculation. But in due course it will be revealed — make no mistake about it — and the U.S. can only hope it will not be in such a defenseless position that the whole balance of power in the world will have changed so radically that we no longer can feel any sense of security.

THE COMMUNIST record of broken promises and scrapped treaties should give us urgent cause to wonder what course the Soviet treachery is likely to take this time.

The Kennedy administration is guessing there will be treachery this time — that, in fact, the Kremlin means to keep its word. No small measure of this confidence in Soviet intentions must be based on the assumption that Russia can ill afford to wage an ideological war with Red China on the one hand and pursue a cold war with the West on the other.

But what if the ideological war within the Communist camp is a phony, as it very well might be? This could be treachery on the grandest scale in history.

It is not beyond the Soviet's capacity for

deception to cultivate a delusion of bitterness with Peiping and all the while promote, encourage and abet the development and testing of atomic weapons in Red China, which already has indicated it would be no part to any test ban treaty.

Russia then could hold up its hands in complete innocence and, paraphrasing the youth with the new-found talent for "no-hands" bicycling, say: "Look, world, no responsibility!"

IT IS QUITE clear now that the Senate has the votes to ratify the test-ban treaty. But in defense of those who will vote to disapprove, it should be pointed out that the testimony has been far from one-sided.

It is significant that a rather impressive lineup of former top military men has questioned the wisdom of entering into any such treaty with the Russians.

Since military men often disagree as individuals but seldom as groups, this leads us to wonder just how much political pressure has been brought to bear on the present Joint Chiefs, who serve at the will of the President, to give their blessing.

Only one or two spoke out openly against the treaty but it was our impression that almost all of them were reluctant and grudging in their support.

No one can know for sure what the ultimate outcome will be. We can only hope for the best — but while hoping, the United States would do well to assume a suspiciously cautious stance.

Regret will be too late!

"It would be nice if you'd do the bedroom first," the wife then suggests.

The painters exchange looks. One silently heads for the living room, the other for the kitchen. Without saying a word they have made a silent pact. The bedroom will be done last.

That isn't quite the shade of blue I chose," the wife tells the man in the kitchen.

"That's the color of the bucket," says the painter, slapping another brush of it on the wall with the bold stroke of a born sadist.

Each night the husband comes home his wife wails, "I never saw such terrible men in my life. So uncouth! They won't do a single thing the way I tell them."

SHE TRIES bribery, cajolery, threats, tears and tantrums — all the usually successful weapons in the feminine arsenal. All to no avail.

The painters go on brushing, paying no more attention to the housewife than if she were a buzzing housefly.

When the job is done a truce is declared. Husband and wife pour drinks, and all shake hands.

"I'll say one thing, lady," says one painter, "you sure got good taste. This is the prettiest apartment we painted all year. Eh, Joe?"

"Why not?" replies the second painter, pouring himself a second drink.

After they have gone, the wife looks around the kitchen critically and says: "They did do a nice job, and I do like this color blue. I guess they weren't such bad fellows after all."

How do painters get away with it? What do they know about handling women the rest of us male mice don't?

By Truman Twill

All that saves it is the credo that going to school is a good thing and some good must come out of it, therefore. But the truth is, going to school the wrong way can be a bad thing and only harm can come from it.

THE WRONG kind of schooling can sour a child on learning. It can turn him into an anti-intellectual, the ultimate tragedy in a world whose one surviving hope is enough intellectualism to balance the brawny-boy philosophy that demands brutalism and terror.

So it's back to school again and good luck everybody.

May all of us get a decent percentage of what we're hoping for and paying for. But it's a gamble. Many will lose. Some will break even and be happy for the experience.

A few — perhaps one in 10 — will come out ahead.

By Paul Jones

The intent, of course, is to demand the impossible and come away with the acceptable.

This strategy may be a trifle devious and unquestionably time-consuming. But it gets the job done more often than you'd think — if both parties involved are willing to compromise.

The device of compromise is no Johnny-come-lately gimmick.

Two hundred years ago Edmund Burke, Britain's great statesman and orator, said: "All government — indeed, every human benefit and enjoyment, every virtue and every prudent act — is founded on compromise and barter."

He was referring, of course, to honorable compromise and barter.

AMERICA NEEDS and needs badly, the capacity to settle its internal conflicts before they get out of hand, as they too frequently do.

## Another Railroad Battle Shapes Up

By Victor Riesel

CHICAGO Here where the trains meet, reports are coming in from the East and West that a brand new featherbedding war on the railroads is beginning to pick up steam.

Only a few insiders know anything about the coming battle which some day will make headlines matching those of the current

Riesel struggle between the roads and the "on-train" unions. But it is beginning to be discussed here, because Chicago is the home of the virtually unknown Railway Employees' Department, AFL-CIO.

This is made up of the "off-train" railroad unions. Labor leaders in this department have heard that the railroads believe they can save some \$200 million now being paid for what the roads call unnecessary featherbedding work in the roundhouses, in repair shops, in the yards and in tiny rail stations still dotted the land. In all there are some 550,000 off-train employees.

Rail executives say they have an excess of at least 50,000 men "doing unnecessary jobs."

This brings angered replies from the Railway Employees' Dept. people — whose followers include members of the boiler makers and blacksmiths, the carmen, who rebuild and rework cars in the rail shops, the electricians, the firemen and oilers, the sheet metal workers and the machinists.

THE LATTER union, the International Association of Machinists, points out that it already has lost 50,000 workers on the railroads since the end of the war.

How? Old fashioned locomotives would require servicing every 5,000 miles. The new diesels need such care only every 10,000 miles. Furthermore many of these engines are sent back to the manufacturer for such treatment.

Not only are the unions preparing to fight any cut in the work force, they are asking for an increase in wages and benefits. They want a 10 per cent raise across the board in addition to a 14 cents an hour increase. They want paid vacations of four weeks after 10 years and

THE LATTER union, the International Association of Machinists, points out that it already has lost 50,000 workers on the railroads since the end of the war.

How? Old fashioned locomotives would require servicing every 5,000 miles. The new diesels need such care only every 10,000 miles. Furthermore many of these engines are sent back to the manufacturer for such treatment.

Not only are the unions preparing to fight any cut in the work force, they are asking for an increase in wages and benefits. They want a 10 per cent raise across the board in addition to a 14 cents an hour increase. They want paid vacations of four weeks after 10 years and

Rail executives say they have an excess of at least 50,000 men "doing unnecessary jobs."

This brings angered replies from the Railway Employees' Dept. people — whose followers include members of the boiler makers and blacksmiths, the carmen, who rebuild and rework cars in the rail shops, the electricians, the firemen and oilers, the sheet metal workers and the machinists.

### Tuseck To Head Historical Unit

LISBON — Frank Tuseck was elected president of the Lisbon Historical Society Tuesday evening at the annual business meeting. He succeeds Ross Fox.

Others elected were Richard T. Mason, vice president; Mrs. Graham Kearney, secretary; F. B. Lynn Riddle, director of the museum; Mrs. Charles Lewis, assistant director, and F. B. Shattuck, Graham Kearney, Fox, Courtney Pennell, Robert Dornan, Charles Lederle and Frank Henry, trustees.

Reports were given by various committees and activities for the past year were reviewed. Three thousand persons visited the Old Stone House during the year, registering from 18 states, Washington, the Canal Zone and Toronto, Canada.

The main source of funds to operate the museum is through yearly memberships and they are now being received by Mrs. Kearney.

mostly mothers, led their children to school.

Some of the pupils and parents were balked by the pickets. Others brushed past the pickets and went into the school for enrollment.

Three other pupils were to enroll at two white schools in the city, but they had failed to do so as the hour approached.

About 15 minutes after the Negroes got into the Graymont school, the National States Rights party, with Confederate flags flying and horns blowing, began a motorcade along the highway which runs in front of the school.

"Keep Alabama White" read the placards they waved.

There appeared to be about 35 cars in the motorcade. Police diverted them at the intersection in front of the school. Earlier they had been at West End High School.

As the motorcade was diverted, its cars eased into the Legion Field parking lot directly opposite the school and the riders formed on the street corner.

Legion Field is the municipal stadium.

Wallace sent his troopers into this steel city Tuesday despite an unprecedented request of the City Council that he keep his forces out and a warning from the federal government.

The Justice Department said in Washington: "The schools will be opened and the Negro students will attend them."

## Beaver Local Enrolls More

First-day classes in Beaver Local School District's six buildings found enrollment up 82 from last year and more expected for Thursday.

George VanHorne, executive head, said this morning's total student attendance was 2,408, compared to 2,327 for last year.

The big increase was at the high school where enrollment is 680 compared to 586 in the spring.

Other attendance figures, with last year's enrollment in parentheses, are: Public School 822 (801); Calcutta 425 (457); Ellington 121 (128); Rogers 219 (206), and West Point 142 (149).

VanHorne said the start of the term went smoothly, and cafeterias were in operation for the full-day session.

The district needs a girls phys-

ical education instructor following the withdrawal of an appointee to the post, but health and first aid will be taught as an academic course unless an instructor can be located, VanHorne said. Juniors and seniors have already met the physical education requirement, he added.

The Board of Education will meet Monday night at 8 at the Public School for routine business.

## Marriage Of Negro Girl, 21, To White Student Held Void

ATLANTA (AP) — The marriage of Charlayne Hunter, first Negro girl to enter and graduate from the University of Georgia, to a white Southerner is void in Georgia, says Atty. Gen. Eugene Cook.

Miss Hunter, 21, disclosed Monday in New York that she secretly married Walter Stovall, 25, of Douglas, Ga., last spring. She said they are expecting a child in December.

"They are not married under Georgia law," Cook said Tuesday. "It's unlawful for a white person to marry anyone except a white person, and any marriage in violation of this law shall be void."

The couple, who met at the university where they were students, declined to give the exact time and place of the wedding, but said it was in the North.

Cook said any marriage solemnized in another state by "parties intending at the time to reside in this state" shall have the same legal consequences as if they were solemnized in Georgia.

The attorney general said he is investigating to ascertain where the marriage took place.

Cook said he would submit his findings to the solicitor general and a grand jury to determine if the couple may have lived in violation of Georgia's criminal law. He said a grand jury would have to return an indictment against the couple in order for him to take any action.

Mrs. Stovall graduated from the university in June with a journalism degree. Stovall lacked only one quarter of work to get his journalism degree.

University officials expressed shock at the marriage. University President O.C. Aderhold said that neither of them would be permitted to enter the university again.

### Motorcyclist Fatally Injured In Accident

CIRCLEVILLE, Ohio (AP) — Lloyd Kirkner, 37, of near Groveport, was dead on arrival at Lockbourne Air Force Base Hospital Tuesday night after his motorcycle skidded into a culvert on the Circleville-Canal Winchester Road just south of the Franklin-Pickaway county line.

Deputy sheriffs said it is possible Kirkner lost control of his motorcycle on loose gravel since tar and gravel had been applied to the road Tuesday.

### Steel Plant Near Normal After Wildcat Walkout

GARY, Ind. (AP) — Operations were returning to normal at the big Gary works of U.S. Steel Corp. today after a wildcat walkout that idled 15,000 workers and caused a partial shutdown.

The company scheduled a hearing to determine whether a grievance committee member, Jack McLaughlin, whose suspension touched off the walkout Tuesday, should be reinstated or fired.

The walkout started at midnight Monday night when pickets blocked the three main entrances to the two-mile long plant along Lake Michigan. The workers were ordered back to their jobs shortly before 1 p.m. Tuesday by Orville Kincaid, subdistrict director of the United Steelworkers Union.

Supervisors had begun banking furnaces in preparation for shutting down the mill.

Company officials said it would take up to two days to put the plant back in full operation.

McLaughlin was suspended by the company Friday after an alleged attack on a management official.

A union spokesman said the scuffle occurred at a grievance session and contended the company had no jurisdiction since McLaughlin was acting as a Steelworker official at the time.

### Korea Military Officials Arrest Former Premier

SEOUL, Korea (AP) — South Korea's military authorities arrested former Premier Yo-Chan (Tiger) Song at a Seoul hospital where he had been admitted for treatment of high blood pressure.

Song, an outspoken opponent to the military rule in South Korea, was taken from Yonsei University Hospital to Mapo Prison in an army ambulance.

Officials of the military investigation authority showed up at the hospital, showed him an arrest warrant issued by Lt. Gen. Kei Won Kim, deputy chief of staff of the army who has been named justice of Song's trial, and whisked him away to the prison.

The arrest came shortly after a South Korean army court martial Wednesday indefinitely postponed Song's trial because of the defendant's poor health.

Song, 47, three-star army general, has been indicted by the army prosecutors' office of unlawfully executing three military personnel in 1950 during the Korean War and slandering the government.

### 1 Killed, 1 Injured As Car Hits Culvert

LONDON, Ohio (AP) — A Lancaster woman was killed Tuesday night when a car in which she was a passenger veered across the Kiousville-Palestine Road and hit a culvert five miles north of Mount Sterling in Madison County.

Victim of the accident was Stella Brehm, about 50, of Lancaster. The driver of the car, Mrs. Kathryn Stamm, 80, of near Columbus, is in Mount Carmel Hospital, Columbus. She suffered cuts and a fractured knee. The two women had been at a farm. Mrs. Stamm owns and apparently were on their way back to Columbus at the time of the accident. Both driver and passenger were pinned in the car.

# Oak Glen's First Grid Squad To Meet St. Mary's Friday

## Hancock Eleven Opens At Newell

By BOB DUFFY  
Review Sports Editor

"Our opener with St. Mary's Friday night will be a telling game and we should know a lot more about our squad after this one," Bob Starkey, Oak Glen's head football mentor, said as he looked toward the opening game which is just two days away.

Oak Glen will be meeting a veteran St. Mary's team that compiled a 9-1 record last season and is regarded as one of the better outfits in the valley.

Starkey has been working with a group of 35 boys who form Oak Glen's first football team. The squad is made up of 20 seniors, 8 juniors and 7 sophomores.

All of the seniors lettered last season at either New Cumberland, Newell or Chester, the three schools which were included in the consolidation.

All of Oak Glen's home games, including Friday night's battle with St. Mary's, will be played at Newell with kickoff at 8 p.m. Additional bleachers have been set up to accommodate 3,000 fans.

STARKEY opened drills three weeks ago when 44 boys showed up. The former Weirton mentor stated that he hoped that once

school started additional underclassmen would turn out for the team and felt they would especially be in the sophomore ranks.

"We have a full reserve schedule and we plan to play all sophomores and I expect them to come out once school has started," Starkey added.

The 31-year-old mentor is pretty well set on a starting line. "We have good overall team speed and I would have to say we have good balance," he said.

THE OFFENSIVE and defensive squads are composed mostly of seniors, with only two juniors listed in the starting lineup.

Starkey announced the ends would be Jack Miller (159) and Bob Burskey (130). Carl Gillespie (192) will be at one tackle with Bill Manley (188) at the other spot. Tim Stover at 164 is one of the two juniors starting and he will be at a guard post with Jim Oyster (154).

THE CENTER, Bill Spencer, is a junior and the heaviest guard on the starting eleven weighing 195.

A question mark looms in the backfield. Either Walt Elliott (145) or Gary Mayhew (142) will start at quarterback. Starkey indicated that if Mayhew didn't start at quarterback he would be at a right halfback spot.

Elliott has been nursing a knee injury and if Mayhew goes to the

signal calling spot, Ed Wudarsky (150) would get the nod at right halfback.

THE LEFT HALF is Alan Pettit (165), one of the top scorers for the crack New Cumberland eleven last season. The fullback job has been won by Tom Franczek, a strong 185-pounder.

Starkey also has his defensive team picked out with Steve Harris (169) at left end while Tom McKittrick (150) or Lee Taylor (161) would open at the right defensive end.

Gillespie and Manley will be the tackles with Tom McGowen (189) at middle guard.

STOVER, Oyster and Ed Clunk (153) will be backing up the line with either Jim Hall (156) or Jim Seavers (167) as the other line-backer.

Mayhew and Wudarsky will handle the halfback spots.

"The morale of the squad has been good and I feel we are just about ready," Starkey added.

Oak Glen will be operating out of a straight T and wing T alignment.

STARKEY was named head coach at Oak Glen in football and basketball after serving at Weirton High School for five years where he was head coach in track and swimming and assistant in football and basketball.

He is being assisted by John Kuzio, who was head coach in football and basketball last season at New Cumberland where he turned out some outstanding gridiron machines.

ANOTHER assistant, new to the system this year, is Vince Monseau, a graduate of West Liberty College.

The 1963 schedule lists nine games but Starkey said Oak Glen is attempting to schedule one additional game this season if it can be arranged at this late date.

Five of the nine games will be played at home and four opponents are Triple A clubs.

The 1963 schedule follows:

# Stuart Connects For 36th

Also Knocks  
In 100 Runs  
To Set Mark

By JIM HACKLEMAN  
Associated Press Sports Writer

Now that the pennant race has all but run its course, let us turn to other momentous developments in the American League.

Such as Steve Barber becoming the top winning pitcher in the Baltimore Orioles' modern history. And Dick Stuart of the Boston Red Sox becoming the first player—the very first—in all the years of baseball's recorded annals ever to bat in 100 runs in a season in both major leagues.

These significant events took place Tuesday as Barber and Baltimore trimmed Stuart and Boston 4-3. Barber, with relief help, gained his 19th victory—the most ever by an Oriole pitcher since Baltimore came back into the league in 1954.

Stuart tagged his 36th homer off Stu Miller, with a man on in the eighth inning, giving him an even 100 RBI. The first baseman, who went to the Red Sox in an inter-league trade during the winter, knocked in 117 for Pittsburgh in 1954.

The Detroit Tigers outlasted the front-running New York Yankees, winning 3-2 on rookie George Smith's run-scoring single in the 15th inning, and Ed Charles' sacrifice fly in the eighth inning sent in the run that gave Kansas City a 3-2 decision over Minnesota in the only other AL games played.

Baltimore touched loser Dave Morehead for two unearned runs in the first inning, made it 3-0 in the fourth, and got the clincher in the seventh on Luis Aparicio's dazzling base running. Aparicio beat out an infield single, stole second and third—giving him 35 steals—and loped in on Boog Powell's double.

Barber, 19-10, gave way to Miller after a leadoff walk to Felix Mantilla in the eighth, and Stuart belted his homer against the slow-balling reliever two outs later.

Smith's single was only the fifth Tiger hit off Yankee pitching in the 4-hour, 7-minute affair at Detroit, and came after Bill Kunkel had issued one-out walks to Norm Cash and Bill Freehan.

The setback left the Yanks with an 11½-game lead over Chicago's second-place White Sox.

Richards was scouted by Harry Hoover, a Cleveland scout from Warren, while playing in the Tri-County League for the Adams Machinery team.

He hit .325 this season including several home runs. Richards was signed for an undisclosed bonus which was under \$1,000.

He will report to the Indians training camp at Tucson, Ariz., next spring and is scheduled to be assigned to the Burlington club of the Class A Carolina League.

Richards bats and throws righthanded and has fine speed. He was clocked from home to first in 3.6 seconds at Cleveland. Richards is a 1962 graduate of Salineville High School.

Indianapolis, winner of the International League's Southern Division championship, takes on Northern Division winner Syracuse in a drive for the pennant tonight.

The Indians won the division title Tuesday night by beating Atlanta 1-0 in a sudden-death, one-game playoff.

The Indians got only five hits but combined two of them with a walk for the winning run.

Lou Vassie walked in the fourth inning, and with two out Jim Koranda lashed a ground single to move Vassie to third. Charlie Smith singled to center to score Vassie.

The Indians once trailed Atlanta by eight games and later led by 8½. Atlanta led by 3½ with only four days to play, but Indianapolis caught up Saturday night, took a half-game lead Sunday and dropped back into a tie Monday night in the final regular season game.

The playoffs begin tonight. Syracuse plays at Indianapolis in the first of a best four-of-seven for the pennant. The Northern Division second-place team, Toronto, plays at Atlanta in the first of another best-four-of-seven.

The winners of the series will play another best four-of-seven for the Governor's Cup.

## Grosscup Cut, Stephens Receives Another Chance

By BOB GREEN

Associated Press Sports Writer  
Lee Grosscup got the ax and Sandy Stephens got a second chance.

The two quarterbacks were the key figures in separate professional football maneuvers in the United States and Canada Tuesday. Grosscup being dropped in a mandatory cut by the National and American Football Leagues, and Stephens being claimed for a paltry \$350.

Grosscup, a former reserve quarterback for the New York Giants and Minnesota Vikings of the NFL, was lopped off the roster of the rebuilding New York Jets of the American Football League.

Stephens, All-America at Minnesota in 1961, was claimed on waivers by Toronto of the Canadian Football League with the waiver price of \$350 going to Montreal, the team that suspended him last week.

Otherwise, veteran linemen and a flock of rookies were the chief targets of the paring knives as the NFL cut to 40 players and the AFL to 33.

The articulate Grosscup, an outstanding passer in his college days at Utah, came to the Giants in 1959 as their top draft choice. He spent three seasons with the Giants, almost all of it on his own special folding camp chair.

He was traded to Minnesota a year ago, released by the Vikings and signed by the then New York Titans, forerunner of the Jets. He

had a brief, outstanding career with the AFL team before being sidelined by a knee injury.

Stephens was one of the most widely sought players in the country when he signed a three-year, no-cut contract, reportedly for \$70,000, with the Montreal Alouettes in 1962.

He was unimpressive in his rookie season with the Alouettes and in the AL's first two games this season. He was benched for being overweight two weeks ago, suspended last week and placed on waivers Tuesday.

## Win Against Emerson Could Get Net Star From Doghouse

By WILL GRIMSLY  
Associated Press Sports Writer

FOREST HILLS, N.Y. (AP)—Frank Froehling III is a long drink water out of Coral Gables, Fla., who is battling to get out of the tennis doghouse and back into the Davis Cup picture.

His big chance comes today—against Roy Emerson, generally rated the best amateur tennis player in the world.

"If I beat Emma," Froehling said, referring to the second-seeded Queenslander by his nickname, "I figure they can't overlook me. If I lose—well, it's back to the dungeon for me."

Ranked No. 2 nationally behind Chuck McKinley and a Davis Cup team member last year, the gangling Florida youth with the divot-digging service has been given the cold shoulder this year.

He wasn't seeded in this tournament. He was overlooked when the U.S. Davis Cup squads were named for the Mexican and Venezuelan matches.

"Part of it is my fault—I've been off my game. Part of it is because I am in their doghouse," Froehling said. "They haven't liked me because I used to act

## 250 At Awards Event For South Side Association

The Champion Lawrenceville and Frankfort Springs Hot Stove League baseball teams were honored at the annual Awards Night of the auxiliary of the South Side Athletic Association Saturday evening at the Hookstown Grange Hall. About 250 attended.

Lawrenceville, managed by Louis Marshall, won in the senior division, and Frankfort Springs, managed by Ray Stevens, was winner of the junior division.

Manager Dave Lyons' Georgetown-Shippingport nine was senior runnerup while Manager Ed Brewer's Lawrenceville team took second place in the junior division. Each member of the four teams will be presented small trophies, while the members of the other teams in the leagues will receive miniature baseball bats.

John Meuller, sports editor of the Midland News, was speaker and James Ashcroft, president of the association, was master of ceremonies. The Rev. H. H. Bish spoke and gave the invocation.

Refreshments were served by members of the various districts of the Association.

Next meeting of the auxiliary is Sept. 16. Mrs. JoAnn Suriale is president.

### Mays Won't Play Again Until Friday

SAN FRANCISCO (AP)—Willie Mays won't put a San Francisco Giants uniform back on until Friday night when the defending National League champions open a three-game series against Los Angeles.

Mays sagged to one knee while batting against Chicago Monday and was sent home to recuperate from nervous exhaustion.

"I don't care what he does until Friday, just so he rests," said Manager Alvin Dark after he talked to his \$100,000-a-year center fielder Tuesday.

"Willie said he felt fine but was just tired," Dark added.

Dr. E. C. Sauer confirmed that nothing is wrong with Mays that rest won't cure.

### 100 At Minor Loop Outing At Wellsville

Individual trophies were presented to members of the championship Boley's Motors team and to the runnerup Central Federal team when the Wellsville Minor League held a wiener roast for all players and their parents Saturday night at Hammond Park with 100 attending.

A plaque was presented to Virgil Kornbau, first president of the league, while Royd Hodge, player agent for the League was given a guest trophy. Dave Siddle, manager of the winning team also received an award.

Roy Campanella of the Brooklyn Dodgers hit 41 home runs in 1953, a major league record for catchers.

## Donors Needed For Blood Bank

LISBON — Volunteers registering donors for the Red Cross bloodmobile visit here Sept. 19 have just little over two weeks to prepare list of 175 names.

The bloodmobile will be at the Methodist Church from noon to 6 p.m. with local physicians and nurses assisting the staff the Cleveland Blood Center sends with the unit.

The last visit was March 21 when Lisbon area people gave a total of 124 pints, one under the quota.

Persons needing blood get it free, except for a fee for administration at the Salem City and Central Clinics.

Salem, Columbiana, East Palestine and Lisbon have set up the blood bank for the northern half of Columbiana County.

Prospective donors may register with Mrs. Russell Shaw, 135 Jerome St., HA-47673, scheduling chairman. The American Legion Auxiliary is in charge of recruiting and Mrs. Wayne Calhoun is co-ordinator and general chairman.

### Distribution Of Food To Start On Sept. 16

## Petitions Found To Be Defective

CINCINNATI (AP)—Some 22,000 persons who signed petitions favoring a change in Cincinnati's city government may have done so in vain, says City Solicitor William A. McClain.

McClain said in a opinion Tuesday that the Democratic-backed petitions were defective because the circulators did not attach certification that the signers knew what they were doing.

Cincinnati now is governed by a council and city manager. The petitions ask that voters be given a chance to vote whether they want the return of a "strong mayor" type of government with an enlarged council. Voters in Dayton turned down a similar proposal last month.

Peter Swenty, chairman of the Committee of Democratic Petitioners, said he disagreed with McClain. Democrats are expected to submit an ordinance Thursday ordering that the issue be placed on the ballot in November.

### Ohio 5-Day Forecast

NORTHERN OHIO — Temperatures will average two to six degrees below normal with little daily change. Normal high 76-84, normal low 54-61. Rainfall will average about one-half inch about Thursday, again near weekend.

SOUTHERN & CENTRAL OHIO — Temperatures will average two to six degrees below normal. Normal high 78-84, normal low 56-61. Coolest Friday and Saturday, little daily change other times. Rainfall will average about one-half inch with scattered thundershowers tonight and Thursday, again about first of week.

### Truck Trout Safely

PRINCE RUPERT, B.C. (AP)—Bill Wood, who heads a company here that raises trout for market, trucked 15,000 fish 3,200 miles via the Alaska Highway to Anchorage. Only about 100 died during the trip.

### Fewer On Farms

COLUMBUS, Ohio (AP)—Ohio State University extension economists say the farm population in the United States totaled 14,313,000 in 1962. This was about 1,320,000 fewer than in 1960.

## Brighton Man Fined \$200 In Traffic Case

A Beaver County man was fined \$200 and costs today in Municipal Court when he pleaded guilty to a charge of an auto while intoxicated as an aftermath of a one-car traffic mishap July 10 at E. 4th St. and Pennsylvania Ave.

When Burford pulled onto the Pennsylvania Ave. curve at its junction with E. 4th St., his auto hit a sharp "hump" at the intersection and struck a city-owned guardrail, causing about \$60 damage, the attorney said. He said the damage to the fence since has been paid by the defendant's insurance company.

Following the mishap, Burford went to a home nearby and asked the householder to call the police department, the attorney said. The investigation led to his arrest.

Anthony Helfet, a sophomore end on the Columbia University football squad, hails from Cape Town, South Africa.

## Speed Limit On Turnpike Will Go To 70

COLUMBUS, Ohio (AP) — In about four weeks, the passenger automobile speed limit on the Ohio Turnpike will go up from 65 to 70 miles per hour.

That was decided at Monday's Turnpike Commission meeting. The change will be effective Sept. 20, the same date as a new state law making 70 m.p.h. maximum legal speed on freeways outside municipal corporations.

Under the same unanimously adopted resolution, the speed limit on the toll road for commercial passenger buses remains at 65, and that for trucks at 55. The resolution sets the limit for school buses—not specifically set apart before—at 50 m.p.h.

The commission also agreed to do away with extra-cost permits for fire engines and buses being delivered via the Turnpike.

James W. Shocknessy, commission chairman, also conducted an earlier meeting Monday on progress of Interstate 71, the north-south freeway for which he is Gov. James A. Rhodes' "expeditor."

Shocknessy said he is "enormously pleased with progress."

Noting a statement from the U.S. Bureau of Public Roads' local and regional offices that federal aid will not be possible for both the U.S. 42 and Turnpike intersections of Interstate 71 in northern Ohio, Shocknessy said there still is a good chance something can be worked out.

The commission will meet again Oct. 1 in Columbus to consider its calendar 1964 budget.

## Area Yule Tree Group To Meet

LISBON — The Eastern Ohio Branch of the Ohio Christmas Tree Growers, Inc., will meet Friday at 7 p.m. at Westview Gardens, two miles north of Canfield on Route 46. Mr. and Mrs. David Dyer will be host and hostess.

"Fertilizing through the foliage" will be discussed by R. W. Stouffer of Canfield; "Controlling Yelling of Scotch Pine and Needle Drop In Norway Spruce," by Gordon Anderson, president of the Ohio group, and "Factors In Marketing Christmas Trees" by Ed Watkins of Canfield, area marketing agent. A panel discussion will follow the speakers.

All area Christmas tree growers are invited to attend. The eastern group is planning programs for the coming season, according to Don Myers, county extension agent in agriculture.

## State Park Lists 12,760 Visitors

A total of 12,760 visited the Beaver Creek State Forest Park during August, according to Elmer Hiles, manager.

This is an increase over the same month last year. A total of 639 campers also used the facilities during August.

In July, the attendance reached 41,403, almost double the crowd recorded in 1962.

Picnicking, hiking, swimming and fishing continue at the park. The park also is the site of locks of the old Sandy & Beaver Canal and the ruins of the old Gaston Mill.

The park is operated by the Ohio Department of Natural Resources.

### Ceremony Shovels Made Out Of Silver

NEW YORK (AP) — If anyone wants to do some spadework around the house with a real man-size, sterling silver shovel, they're available — at \$1,000 apiece.

The 40-inch-long tool, with solid

silver blade and handle joined by a rubbed-ebony finish shaft, was on display at the Retail Jewelers of America trade show here.

It was designed by Joseph C. Boardman of Wadingford, Conn., for use at ground-breaking ceremonies.

Boardman got the idea for the shovel during a conversation with a jeweler-customer in Richmond,

Va., who was looking for something to use at the dedication of a new savings bank.

Thus far, Boardman has sold 15 shovels.

Son, She's Certain  
It Can't Be A Bird

LITTLE ROCK (AP) — A student in James O. Martin's eighth grade science class caught a baby rabbit and brought it to school.

After the class had examined it, Martin took it home for his children. For want of a better

place, they kept it in a bird cage. A neighbor's child, age 6, wandered in one day and was intrigued by the furry creature.

The child walked around the cage several times, peering intently at the rabbit.

Finally he said, "Mrs. Martin, are you absolutely sure that's a bird?"

### OSU Testing Grapes For Industry Purposes

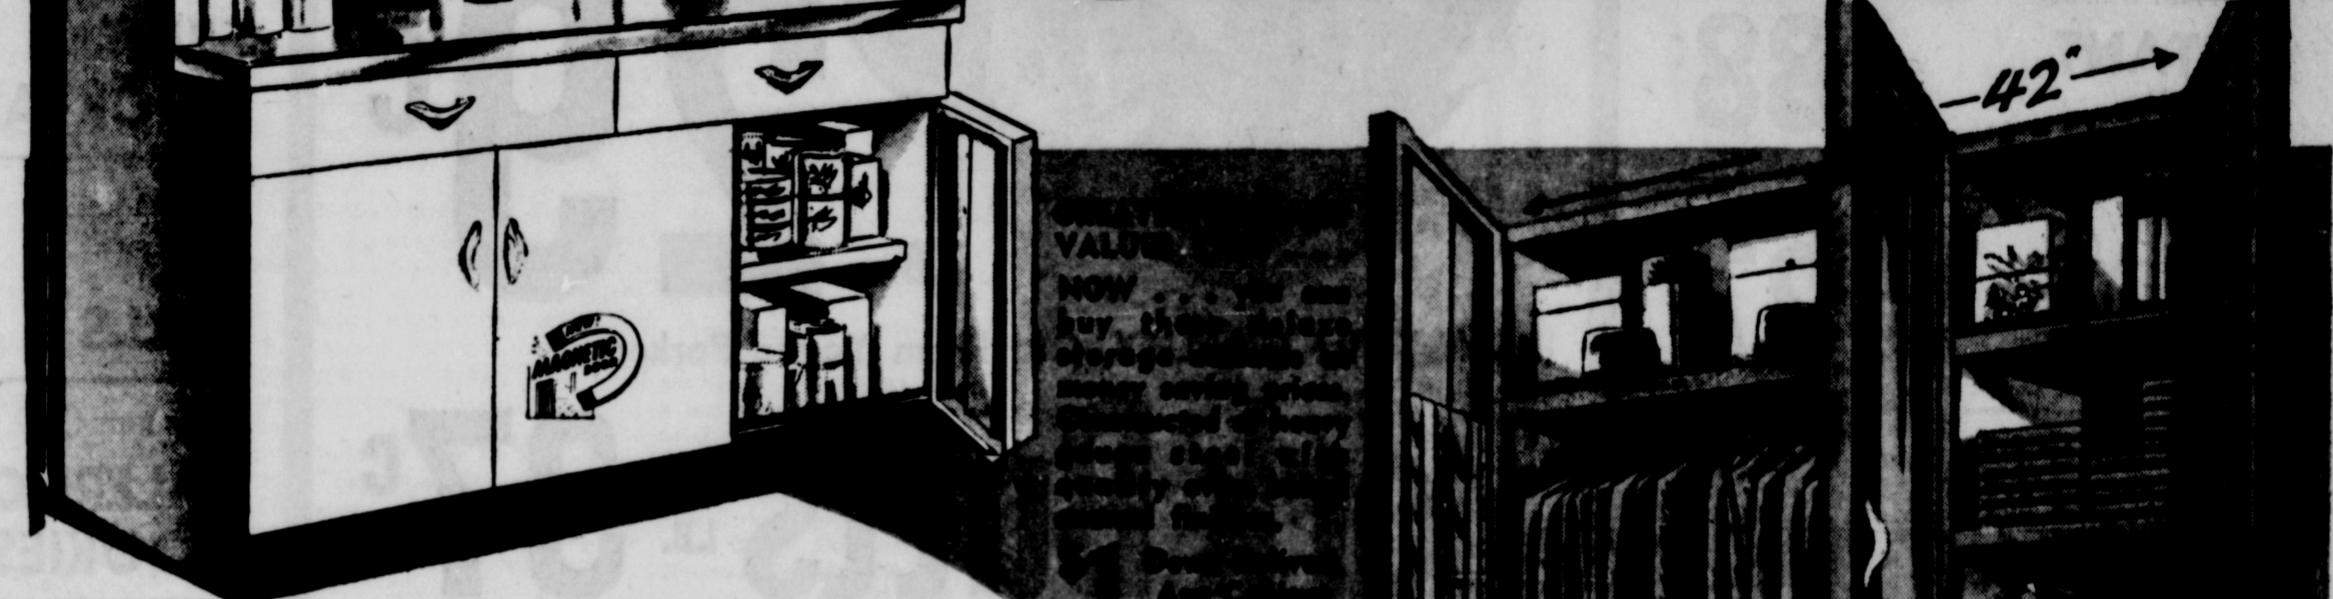

COLUMBUS, Ohio (AP) — Tests with about 38 varieties of grapes are being made by Ohio State

news for the transaction, he said.

The city's share will be 10 percent of the total cost, which is between \$2,400 and \$2,500. This includes \$1,800 for H. K. Porter land and the remainder from privately owned lots.

Bush said the money has been appropriated for the past three years. The finance committee was asked to check before the legislation is ordered.

DeLozzo also said he had inspected and along the east side of the floodwall on Little Yellow Creek. He said it would make a good park and boat docking area.

The city itself cannot afford this, but possibly some organization would like to undertake such a project if the land can be used. He asked the solicitor to check various legalities as to the use of the ground.

Auditor Edgar S. Davidson reported that as of Tuesday, the Georgette River Rail Terminal owes the city for 10 months rent, for a total of \$1,500. This was referred to the solicitor for collection. The city rents a section of ground to the firm.

A request from the J. & W. Grocery at 13th and Commerce St. for a parking area in front of the store for the loading and unloading of trucks was approved and referred to Safety-Service Director Fred Baldassare.

The street and light committee is studying a parking problem on Broadway near the Ideal Chevrolet.

Councilman Allen Baldwin said a stop sign is needed at 17th St. and Maple Ave. A check showed it was authorized previously but never erected.

Mrs. Raber relayed a request from residents of Broadway to have parking spaces marked between Cherry Alley and 5th St. This was referred to the director.

DeLozzo said he had complaints of parking on 11th St. near the Jaycees Hall. The individual complained of motorists not parking close enough to the curb. Jaycees in the audience said a bulletin will be posted at the hall asking the drivers to park closer to the curb. Other groups use the hall besides Jaycees, it was pointed out.

Mrs. Raber named Councilmen Robert Taggart and DeLozzo to the Police Pension Board.

The Fraternal Order of Police will name two representatives at its next meeting.

A letter was received from the Jaycees thanking the city officials, Council, police, firemen and all others for their co-operation in making the Labor Day weekend celebration a success. It was signed by Walter Henthorne, secretary.

## Wellsville Woman Receives Injuries To Shoulder In Fall

An elderly Wellsville woman injured in a fall was admitted Tuesday night at City Hospital, where eight area adults and youngsters were treated after separate mishaps.

Miss Elizabeth Robinson, 88, of 1725 Clark Ave., Wellsville, was in "fairly good" condition today with injuries of the upper left shoulder suffered in a fall on the floor at home. She was admitted at 7:45 p.m.

Joseph Michaels, 7, son of Mr. and Mrs. Guy Michaels of Lawrenceville, suffered first and second degree burns of the right hand when he struck a match near the gasoline tank of an old auto at home and the fumes ignited.

Kristy McIntosh, 5, daughter of Fred McIntosh, 47, Grandview Ave., was treated last night for a laceration of the scalp received in a fall in the bathroom at home.

## Hancock Lists 8,281 Pupils Opening Day

Enrollment totaled 8,281 in Hancock County schools on Tuesday, the first day of the new term. County Supt. Robert Hall's office said today. The enrollment is expected to increase slightly by the end of the month.

A headcount showed 1,780 enrolled in the three senior high buildings, 2,084 at four junior highs, and 4,408 in the elementary grades, Hall's office said.

Of the high school enrollment 646 were registered at Oak Glen High School, whose classes for Chesters, Newell and New Cumberland students are being held at Chesters High School until the new building near Pughtown is completed, and 1,143 at Weirton High School.

The junior high students include 340 at Chester, 184 at Wells Junior High in Newell, 288 at New Cumberland, and 1,263 in Weirton. Youngsters attending Chester and Weirton senior and junior high schools are on half-day schedules until the buildings are completed.

Hall's office said 310 pupils were enrolled in Chester primary classes being held at the Central and Washington buildings and 319 in the fourth, fifth and sixth grade classes at Central, Washington and the high school.

Jefferson Elementary in Newell enrolled 452 in the first six grades with 486 at Pughtown and 388 in New Cumberland. Elementary enrollment in Weirton totaled 1,470.

Cleveland Attorney Eyes Congress Bid

COLUMBUS, Ohio (AP) — Cleveland attorney Robert E. Sweeney, the unsuccessful Democratic candidate for state attorney general in 1962, says he's available for the party's nomination for congressman-at-large next year.

Sweeney told a Columbus radio station Tuesday night he thinks the Democrats should nominate the strongest vote-getter.

"Therefore, I'm available," he said.

Sweeney lost to Atty. Gen. William Saxbe in the November election by 108,000 votes. But, with the exception of Sen. Frank J. Lausche who was the Democrats' strongest vote-getter.

Therefore, I'm available," he said.

## Everything's Roses For Cinderella Singer

PARIS (AP) — Everything's coming up roses for Lulu Porter, Cinderella American songstress who was stranded behind the Iron Curtain. "I've got so many offers—televisions, recordings, nightclubs, even movies," an excited Lulu said today.

The brown-eyed blonde was little known when she packed her bag in California last month and headed for the Polish International Song Festival in Warsaw. As the official U.S. entry, Lulu won the best performance award by belting out "Everything's Coming up Roses."

The little girl with the big voice wowed the judges with "Roses," "Swanee," and "Come Rain or Come Shine." She also sang a little Polish song, "Parasol" (Parasol).

Lulu's parents, A. B. and Glenn Walford, live at El Monte, Calif. She was born in Youngstown, Ohio.

While in Warsaw, Lulu got the impression the Polish Communist officials were not rooting for her. Her arrangement for "Come Rain or Come Shine" called for a Polish orchestra playing the American favorite in waltz time. But when Lulu showed up to sing for a guest appearance on the "Tonight" TV show Monday night,

Lulu says she was picked to represent the United States after

150 Attend Quinn Family Reunion

The 18th annual D. J. Quinn family reunion was held at East Palestine City Park Sunday and about 150 attended.

The Quinn family resided in Smiths Ferry, where D. J. Quinn served as school director for 21 years and Justice of the Peace for 18 years. They owned a store and lively stable used by Midland and East Liverpool area.

Mr. and Mrs. George Mastovich and family of Ohioville were large and gaudy prize winners. Refreshments were served by Mr. and Mrs. Joseph McKinnon of family of East Liverpool.

Mr. Joseph Quinn of Louisville, Ohio, was the oldest present and the 4-month-old son of Mr. and Mrs. Lawrence Jacobson of Canton was the youngest. Mrs. David Watkins of California traveled the farthest.

The late Mr. and Mrs. D. J. Quinn were represented by their daughter, Mrs. Mary Casey of Midland, and sons, Edward Quinn of Smiths Ferry, Frank Quinn of East Liverpool and Joseph Quinn of Louisville.

Mr. and Mrs. Jesse Hank and family of Wellsville are in charge of the 1964 reunion.

Centennial Fair Called "Success"

NEW CUMBERLAND — The Hancock County Centennial Fair, sponsored by the county commissioners and the Cumberland Lions Club, was termed "a big success" by William Murray, chairman, and John D. Herron, co-chairman.

The lack of rain, which held down attendance in previous fairs sponsored by the Lions, was the main factor during a good year, officials said.

A big crowd jammed the fair grounds Monday night for the closing performances, including a concert by the Oak Glen High School Band, pantomime acts by Nita Jo Bailey of Newell, and the "Best of Weirton" talent show.

A doll show was held Monday afternoon while others attended the "Nine West Virginians" art exhibit. It began Aug. 27.

Farm Bureau Frolic To Be Held Saturday

LISBON — The annual Columbiana County Farm Bureau Federation fair will be held Saturday at 7:30 p.m. at the Fairgrounds, according to Mrs. Evelyn Hoopes of Beloit.

All Farm Bureau members and their families are invited to attend. There will also be games and contests along with round and square dancing featuring Lee Hayman and Ike Skeels.

# Police Scandals Have Good Side

By HARRY F. ROSENTHAL  
Associated Press Staff Writer

In Denver, the scandal involved half a hundred policemen; in Chicago it was 10; in Burlington, Vt., it was 11.

The job of ferreting out policemen accused of turning into thieves instead of turning them in has been slow and difficult.

Last to join the list is Kansas City, Mo., where five policemen are charged with burglaries that netted less than \$5,000. And Nassau County, Long Island, N.Y., has seven policemen under indictment.

Kansas City's police force still is undergoing a thorough self-search. In Denver, Chicago and Burlington time and effort have healed the scars and there is evidence that some good has come out of the problem.

CHICAGO — "The progress which has been made during the past 3½ years has been phenomenal," says Virgil W. Peterson, operating director of the Chicago Crime Commission. "A very solid foundation has been laid upon which to build for the future. The commission feels that the law enforcement structure in Chicago at the present time indeed is encouraging."

DENVER — "There is lots of work to be done, but things seem to be working out well," says

James Slavin, the police chief hired after the wholesale arrests of policemen in 1961. Slavin resigned immediately after a change of the Denver city administration and now is on the staff of Northwestern University.

BURLINGTON — "We've come up with some mighty good men," since hiring practices were tightened, says Police Chief Arthur J. Caron. He credits salary increases and more supervisory personnel for a new attitude in his department.

The police scandals in the four cities had remarkably similar patterns.

In Denver a patrolman was arrested in August 1960 on a charge of rifling the safe in a downtown cafe. Several more policemen were arrested in the next few months. A special investigator was appointed by the governor and in September 1961 more than 20 policemen were arrested in a single day. In all 50 policemen and ex-police officers were arrested and suspended. Thirty-two were convicted, five were acquitted, charges were dismissed against one and two still are to be tried.

The police chief, James E. Chidlers, resigned soon after the arrests, saying worry over the scandal had affected his health.

In Chicago, Richard Morrison,

23, a burglar, told the state's attorney in 1959, "My cop pals acted as lookout." Ten policemen were charged with burglary or conspiracy or both. Orlando W. Wilson, a professor of criminology, was brought from California to head the department and he completely reorganized it.

The Burlington case broke in late 1961. It too, involved burglaries by department members. Five policemen were arrested over a five-month period and six others resigned. Chief Caron took over the 51-man department after the investigation.

In Kansas City, a 24-year-old patrolman directed attention to himself last July by discovering and reporting too many burglaries. Within six days, four more policemen — all members of the same platoon — and two civilians were arrested.

Police Chief Clarence M. Kelley, who took over the force two years ago after 20 years with the FBI, said repeatedly: "We will wash our own linen." The department is questioning all 800 members of the force.

Kansas City, Kan., also is in police turmoil. City officials are trying to find a successor to John J. Therooff, who resigned as police chief July 23 on demand of the state attorney general. The attorney general in 1961."

## Death Comes At 77

### Robert Schuman Dies; Father Of Europe Unity

METZ, France (AP) — Robert Schuman, 77, often called the father of European unity, died today after a long illness.

Schuman laid out the plan for the European Coal and Steel pool, a production and marketing organization linking France, West Germany, Italy, Belgium, Holland and Luxembourg.

The same countries later formed the Common Market, or the European Economic Community. Promoters of European unity hope the Common Market will develop into a Europe welded together politically as well as economically.

The Schuman plan was unveiled in 1950, when its author was foreign minister of France.

Schuman became seriously ill last month and received the final rites of the Catholic Church. He was suffering from a stroke and respiratory trouble.

Death came at Schuman's estate near this city in eastern France.

A native of Luxembourg, Schuman was drafted for France and Germany and later was joined by the other four countries. The pool has supranational powers in regulating prices and production for the six nations' coal and steel industries.

He had been in failing health since early in 1961 when he collapsed while walking through the hills near his estate.

An ascetic bachelor, Schuman became premier of France in the early years of the unstable Fourth Republic established after World War II. He served as premier for about seven months, beginning in late 1947, and again for only three days in late 1948. Later he was foreign minister for more than four years.

Schuman was a member of the Catholic Popular Republican party when it was a political power.

He was twice finance minister and brought his almost monastic way of life to the ministry.

Schuman grew up in Metz and as a deputy became a specialist in German affairs, particularly as related to the French provinces of Alsace and Lorraine, recovered from Germany after World War I.

Schuman's coal and steel pool was drafted for France and Germany and later was joined by the other four countries. The pool has supranational powers in regulating prices and production for the six nations' coal and steel industries.

### U.S. Captain Who Defected Fails To Contact West

BERLIN (AP) — An American Army captain who defected to East Germany four months ago has made an unsuccessful attempt to regain contact with the West. U.S. Army authorities said today.

A U.S. Army spokesman said Capt. Alfred Svenson, 30, of Scranton, Pa., made contact with a Western newsmen in East Berlin Tuesday.

When U.S. Army officers attempted to meet Svenson they couldn't locate him, the spokesman said.

It was the first that had been heard of Svenson since he defected on May 4.

U.S. authorities in Berlin were informed early Tuesday by the British news agency, Reuters, that Svenson had contacted their correspondent.

Svenson was reported to be bleeding and ill and to have complained he was being ill-treated by East German police. He indicated he was trying to get in touch with American authorities.

The Army spokesman said U.S. officials had no doubt the man who went to Reuters office was Svenson. He had been identified on the basis of information supplied by the correspondent, the spokesman said.

## Chester Club Meets

## Chester School Design Explained For Kiwanis

Design of the new Chester Primary School to permit flexibility of teaching arrangements was described by Thayer Allison, principal, at a meeting of the Chester Kiwanis Club Tuesday night.

Allison said the new 10-classroom school for 300 pupils is designed so that several types of grouping can be used, such as team-teaching, non-graded, educational television and individualized curriculum.

In the center of the structure are the staff rooms, storage space and a multi-purpose room which is used for the library, lunch room, special projects area and meeting place.

Allison said the school and the new Oak Glen High School were among 225 buildings from throughout the nation for which models were placed on display at the annual American Association

of School Administrators convention.

Allison was introduced by Lee Adams, president.

Adams appointed Paul Finley chairman of the nominating committee for the annual election Oct. 1. On the committee are Russell Davis, R. M. McFarland, Ray Stevens and Thomas Ridge.

Davis announced a corn roast will be held Tuesday at the City Park.

The Rev. Donald Vogel was named chairman for the annual public pancake supper in the fall.

McFarland and Adams were chosen delegates for the Kiwanis state convention Sept. 22-24 at Charleston. John Brand of the Key Club was a guest.

Twenty-one attended. A \$10 contribution was authorized for the East Liverpool Child Counseling Center.

## Trade School Meeting Set For Weirton

An organizational meeting for all adult students enrolled in the Weirton Trade and Industrial School for the 1963-64 term will be held at the school at 6:30 p.m. on Monday, it was announced today by Russel Sole, director.

The meeting will mark the start of the school's 22nd year, and to date more than 300 adults have enrolled.

Sole, co-ordinator of Trade and Industrial Education in Hancock County schools, said that persons who haven't applied for enrollment may attend Monday night's meeting and register for the classes they wish to attend.

The school is conducted through the co-operation of the Weirton Steel Co., the Hancock County Board of Education and the West Virginia Department of Trade and Industrial Education. Co-ordinator of the program for Weirton Steel is H. B. Crow, special representative, industrial relations, who is also chairman of the Hancock County Trade Council, Trade and Industrial Education.

The training program is designed to meet standards of the State Trade and Industrial Education Department, and most classes are held at the Weirton Vocational Building with Weirton Steel employees who are experienced in specialized fields serving as instructors. Sole will meet with instructors this week to complete plans for the term.

The following courses will be offered this year — if enrollment is sufficient for each: Metallurgy I, II and III, Electricity I, II and III, Electronics I, II and III, Blueprint Design I and II, Engineering Drafting, Machine Shop, Combination Welding, Principles of Mathematics I and II, Basic Industrial Physics I and II, Industrial Piping and Hydraulics I and II.

Classes are held each week from September through May, with courses designed to help employees prepare for better jobs or to do their present jobs more efficiently. The program is open to Weirton Steel employees and other interested persons in the Tri-State district.

## Hints from Heloise

— By Heloise Cruse —

Dear Heloise: Recently you told about removing grease from some heavy fabric by applying dry cornmeal, rubbing it in a bit, letting it sit and then vacuuming the meal. I used this same method on our cat!

Our cat came home the other day covered with oil from a driveway. What a pitiful sight she was.

I opened up a piece of newspaper, put my cat on it and gave her a "cornmeal shampoo!" It did the trick. (Just dip your hand in dry cornmeal, and start rubbing the fur with the meal. As the meal falls to the paper, pick the cleanest handful and reuse again and again.) Then brush it off.

This is the easiest solution we have ever found for this problem. Thank you for giving me the idea.

LUCY KING.

DEAR HELOISE: For mothers with children who wear tennis shoes and often need them in a hurry:

Wash them and use a towel to dry as much as possible. Then get your hair dryer out and turn it on "high."

Put the hair dryer into the shoe itself and after about eight minutes (for each shoe) they are ready to wear!

No more waiting for them to drip dry, especially . . . when you are in a hurry and need them quickly.

NORMAN JOHNSON.

— Work! Bless ya' — HELOISE.

### Letter Of Laughter

DEAR HELOISE: Your little tip about picking up 10 items in a room has practically reformed me. (All we said was, when you left a cluttered room, pick up the most out-of-place items and try to put them where they belong.—H.)

I'm forever cleaning and scrubbing because I really hate dirt, but nobody would believe it for I am the world's worst litter bug.

I can destroy the clean image in a room in two minutes flat. I sit down, take off my shoes and belt, light a cigarette, sip a cup of coffee and start tearing little items from the newspaper and wham! Since 10 items are about my "mess quota" your little hint just suits me . . . it solved years of problems.

READER.

DEAR HELOISE: For young mothers.

When your children do not want to eat cookies and crackers in their high chairs . . . put them in a cardboard box! They enjoy it. When they are done just dump the crumbs out and you are ready for the next time.

MARLA YOUNG. We can't figure out if Maria means "put the baby and the crackers in a big box" or just "put the crackers in a small box and leave the baby in the high chair.

Try getting a big paper cardboard box free from your grocery store and put baby, crackers . . . all in it. Baby will love the box. He'll think it's a boat or a train. Give him some

toys and let him play while you do your housework. The box can be "scooted" from room to room as you work.

HELOISE.

### Starched Sweater

DEAR HELOISE: After having a gift sweater cleaned a couple years ago, I decided to wash it myself.

As I stretched it . . . I sprayed it with canned starch, rubbing it in the sweater gently with my hands. The results were absolutely beautiful!

It gave just enough body to the sweater to wear well. I also tried this on colored sweaters . . . with the same satisfactory results.

MRS. V. AUSTIN.

DEAR HELOISE: When my boxed sugar gets hard, I dissolve it in some water and make a syrup to use in sweetening lemonade, fruits, sauces or to a thick syrup for pancakes or waffles. For pancakes and waffles I add some maple flavoring.

This home-made syrup is wonderful.

ERMA STRICKLAND.

DEAR HELOISE: Soak old newspapers in water (to which has been added some Epsom salts) overnight and then roll them (not too thick) in "logs", tie them and set aside to dry out thoroughly.

These make the most wonderful newspaper logs for fireplaces and picnic outings you have ever seen.

DOROTHY TINCKNELL.

## Keep In Trim

By IDA JEAN KAIN

### Child Should Learn Good Food Habits

In talking with a former overweight who is now a slim, trim 123 pounds even after three bouncing babies, I was interested in what she had to say about food and her family. Like most young couples, she and her husband plan greater advantages for their children than the parents Ida Jean Kain themselves enjoyed when young. But they are especially wise. These two, for rated high on their list are good food habits.

"Neither Bill nor I learned to eat right when we were youngsters," she confided. "I don't blame either his parents or mine. They believed fat children were happy and bursting with health. Bill and I know better, and we recognize the importance of fixing good food habits early.

"Both his parents and mine rewarded their children with sweets. To this very day, whenever I'm frustrated or depressed, I find myself wanting to indulge in sweets.

"SO THESE are nutrition mistakes we hope to avoid — Bill and I. For we recall the entrapping cycle that the overweight child faces, from overeating to overweight, from overweight to frustrations because he cannot compete with normal weight youngsters...from frustration to more overeating...and on to greater overeating.

"Our youngsters are learning good food habits early. Food is not used as a reward or a bribe, nor withheld as punishment. Food is not used to prove we love our children. We all enjoy good, nourishing meals and we have developed a sense of how much is enough," she concluded. Cheers for these modern parents!

### To Seek Grant

ASHTABULA, Ohio (AP)—City officials are planning to apply for a \$111,000 grant from the Federal Housing and Home Finance Administration to get preliminary work started on a \$4 million urban renewal program. The grant would finance a study to determine the feasibility of replacing substandard buildings in a five-block area of the business district.

### IS A LOW PRICE MOST IMPORTANT?

Not when someone is very sick and needs medicine. Then, you depend on a pharmacy like ours, where you get every possible service that can help you most.

It isn't difficult for any discounter to give you a less than needed price on a few of the fastest selling drugs. Part of the loss can be made up by also discounting service, the rest by high profit, unfamiliar-to-you-products. We offer no "bait bargains", just honestly fair prices, always, on everything we supply.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

WASHINGTON (AP) — Maj. Gen. William J. Sutton, a World War II veteran, is the new chief of the Army Reserve.

Sutton, who has served in both the Army Reserve and the Texas National Guard, was sworn in at a Pentagon ceremony Tuesday. He will be in charge of security

at Windsor Castle, Queen Elizabeth's palace on the Upper Thames.

Slim, veteran of World War II Asian campaigns and later chief of the Imperial General Staff, became constable and lieutenant governor of the Castle Tuesday.

He will be in charge of security

and will mount the castle's ceremonial parades.

Slim succeeds Lord Freyberg,

New Zealand war hero, who died in July.

Sliced broiled steak makes great open sandwiches. Arrange the slices on bread and pour over hot gravy.

DUBLIN (AP) — President Eamon De Valera of Ireland laid the foundation stone of the Abbey Theater in Dublin Tuesday. It will be built on the site of the one destroyed by fire in 1951.

WASHINGTON (AP) — Adm. George W. Anderson Jr., former chief of naval operations, has been sworn in as U.S. ambassador to Portugal.

Secretary of State Dean Rusk presided at the ceremony Tuesday.

CINCINNATI (AP) — Pickets both for and against the temporary transfer of some classes from one elementary school building to another demonstrated in Cincinnati Tuesday.

Pickets for the National Association for the Advancement of Colored People called the transfer segregation. The National Association for the Advancement of White People picketed to protest the NAACP demonstration.

Disputed is whether the 130 Evanston School pupils should be transferred to the Oakley School in four class groups or as individuals scattered through the second and third grades. Evanston school is largely Negro. Oakley is predominately white.

School officials say the Oakley pupils already had been assigned to classrooms for the 1963-64 school year when the decision to transfer the Evanston pupils was made.

## Will Team Up To Seek Cosmic Rays Data

WASHINGTON (AP) — In the news from Washington: The idea is "to detect distinct solar cosmic ray events and to investigate their variations in energy, time and location."

PARTNERS: The United States and Soviet Union will team up this year at the South Pole to try to learn more about cosmic rays, the high energy particles that bombard the earth.

The National Science Foundation, helping to finance the study, announced Tuesday that antenna towers 105 to 190 feet high will be put up at three U.S. antarctic stations and at one or two Russian installations.

The foundation said other nations may also join in the study later.

STAY AND SAVE: To help keep dollars from traveling—and staying—abroad, Rep. Al Ullman would like Americans to do their traveling at home next year.

The Oregon Democrat announced Tuesday he had introduced legislation to designate 1964 as "See America Year."

Tourist dollars spent in the United States, said Ullman, would "help solve a crucial problem in our balance of payments."

NO DEAL: The State Department has indicated it would thumb down a reported Soviet proposal for a German peace treaty that would leave that nation divided.

A report from Moscow quoted a West German parliamentary leader, Thomas Dehler, as saying Soviet Foreign Minister Andrei Gromyko had suggested to him a treaty which would sanction the wall around Berlin as a border.

In reply to newsmen's questions, press officer Richard I. Phillips said the State Department isn't certain what Gromyko has in mind so cannot issue a formal comment.

"However," he added, "our position is well known with respect to a German peace treaty: We would sign a peace treaty only with a united Germany."

CEILING ZERO: The General Accounting Office has reported to Congress that a Navy error cost the government \$1.1 million for altimeters that couldn't be used.

The Navy's Bureau of Aeronautics, the GAO said Tuesday, did not get approval for frequencies to be used for the radar altimeters and thus the device had to be completely redesigned.

The mistake was not discovered until development of the altimeters — for use on carrier-based planes — was well under way on a contract awarded in 1957, the GAO report said.

### Faulty Wing Brakes Blamed In Air Crash

BRUSSELS, Belgium (AP) — Faulty wing brakes probably caused the plane crash that killed 73 persons, including the 18-member U.S. figure skating team, in February 1961, the Belgian Ministry of Communications said Tuesday.

The figure skaters, en route to world championships, were among 48 Americans killed when the Boeing 707 of Belgian Sabena Airlines crashed at Brussels Airport.

### Convicted Embezzler Faces Trial With 2

NEW YORK (AP) — Larry Knobl, convicted Long Beach, N.Y., embezzler, goes on trial today in Federal Court with two other men on charges of selling more than \$5 million worth of unregistered stock of the now-bankrupt Automatic Washer Co. of Iowa.

The trial is expected to last three months.

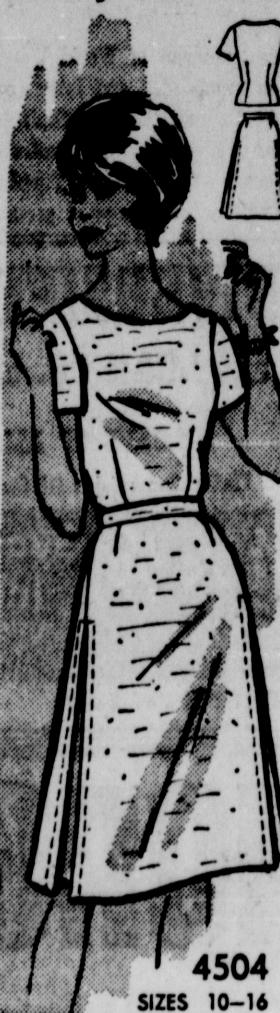

Accused with him are Sydney L. Albert, financier, of Akron, Ohio, and Joseph Abrams, clothing manufacturer, of Great Neck, N.Y.

A corporate defendant in the case is Richland Securities Inc.

A trial severance was won several months ago by a fourth defendant in the case, Charles Gordon of New York, former secretary of Richland.

A fifth defendant, David Schindler of Hewlett Harbor, died.

### Former King Rushes To Wife's Bedside

VENICE, Italy (AP)—Ex-King Peter II of Yugoslavia rushed from Paris to his estranged wife's hospital bedside and visited her twice Tuesday.

His wife, 42-year-old Princess Alexandra of Greece, regained consciousness Tuesday for the first time since taking an overdose of sleeping pills Sunday and whispered, "I'm glad to be alive." She was reported out of danger.

She was expected to remain in the hospital for at least 10 days.

## Tich, Tich, Tich, Tich, Bang!

After Bill Hartelt had ceased beating his 3-year-old son, Timmy, with the rake handle, I asked my neighbor what the nippy's offense had been.

"Laughter?"

"That's what I said, Gill. Why, if you'd only listen to me when—"

"Put down that rake, you madman!"

"Gad, I was going after my neighbor, wasn't I? I must be going mad. Gill, when is the last time you heard me laugh? I mean at a comedian? And I mean right out loud?"

"I suppose it's—"

"PRECISELY! Years! And laughter, when it's not let out, just bunches up inside you like a lump of excelsior, with pieces of gristle in it, and carpet tacks."

"Some people, the lucky devils, are able to get the laughter out of their systems with little giggles, titters, snickers, grins, smirks, chuckles, cackles and crows. I happen to be one of those unfortunate who must give vent to a horse laugh or guffaw."

Larceny Affidav  
Is Signed Against  
Store Employee

WOOSTER, Ohio (AP) — The owner and New Philadelphia has signed a president of a chain of supermarkets in Wooster, Orrville, Dover and New Philadelphia has signed a larceny affidavit against an employee, 24-year-old Jerry McQueen of Wooster, in connection with the disappearance of more than \$8,000 from the Wooster store.

James K. Leedy, Wayne County prosecutor, said McQueen's auto-

mobile was found parked at Cleveland Hopkins Airport Sunday. Two empty money bags were inside.

The money was taken from a safe in Buehler's Market, which closed Saturday night. The supermarket owner, E. L. Buehler, made the accusation against McQueen, assistant store manager who was to have deposited the money Saturday.

Wooster authorities Tuesday called on the FBI for aid in tracking down McQueen, a Massillon native who previously lived in Sarasota, Fla. He is married and the father of two children.

# Ann Landers

## ANSWERS YOUR PROBLEMS

### Unwanted Children

Dear Ann Landers: Help! Please! I need advice, and fast. I went out with this boy whom I will call Robbie. He is very handsome and some thoroughly spoiled because lots of girls have gone ape over him and he knows it.

On our second date he headed for the country, pulled the car over to the side of the road and said, "I'm bored. Let's neck."

I was very insulted and told him I wasn't the least bit interested in necking with him. He reached over and said, "Don't be so stuffy." Then he tried to pull me close. I warned him if he didn't start back home I would clobber him.

He acted as if he didn't hear a word I said, then he lunged at me and tried to kiss me. I hauled off and gave him a good sock. Unfortunately I broke his glasses.

He got awfully sore and said if I didn't come up with \$20 by next week he was going to send my dad the bill. If he does I will just die.

Please tell me if you think I ought to take the money out of my savings account and pay for Robbie's glasses. — NO MAKE-OUT.

Dear No Makeout: You don't owe the character a dime. Here's a Dorothy Parker-esque couplet which you might suggest he paste in his bathrobe:

"Guys who make passes Should take off their glasses."

## Bringing Up A Family

By GARRY C. MEYERS

### Safety Programs Must Be Enforced

As a rule, most children are safer after school begins than they were during the summer vacation. Many go in school buses. Most schools do a great deal to make children conscious of safety rules. Most have safety patrols made up of older children who guard the Dr. Garry Meyers younger children at crossings near the school. Often, too, the school enlists the help of the police at such places if the traffic is heavy.

Unfortunately a traffic officer who usually guards a certain crossing may not always be there. Children depending on these officers may be in a special peril at such times. Also the Safety Patrol may occasionally be absent from certain places.

WHEN PROTECTION is provided irregularly, there obviously may be more hazards than if there were no protection at any time. Besides, children serving on a Safety Patrol get poor training in responsibility when they neglect guard duty even once.

Near an elementary school building many cars toting little children who live but a few blocks away and who could walk to school often cause danger to the children who leave these cars. Also, teenagers driving to school, if allowed to park on the school grounds or to drive about the school with their cars full of their friends, create obvious hazards.

The other defendant is Forrest Cason, 54, of Hot Springs.

**Man Still Critical**

CINCINNATI (AP) — James Smith, 25, remained in critical condition today as the result of an explosion in a washing machine at the Acme Uniform Co. Two other workmen were slightly burned as chemicals on soiled shop towels in the washer exploded Tuesday.

Records reveal that more children are killed or injured in their home neighborhood than on their

way to and from school. Safety hazards near home continue there, school or no school.

—

**IN MOST AREAS** the law requires that approaching cars stop when a school bus is loading and unloading, and bus drivers usually require children leaving the bus to walk directly to the curb. But a few bus drivers are not vigilant in these matters.

Parents would do well to observe the safety ways of the driver whose bus carries their children.

All of us must insist that the school authorities set high standards in selecting bus drivers. The well-chosen bus driver needs to be given authority over the youngsters for their protection.

My bulletins, "First Steps in Training Tod in Safety" and "Educating Your Child in Responsibility", may be secured by sending a self-addressed stamped envelope to me in care of The Review.

He will be in charge of the commission's Correctional Division and receive a salary of \$14,000 a year.

### 1 Killed, 3 Injured

#### In 2-Car Collision

ATHENS, Ohio (AP) — Ronald Herbert Wooley, 18, of Rt. 1, Millfield, was dead on arrival at Sheltering Arms Hospital Tuesday after a two-car collision that left three others hurt, none seriously. The Highway Patrol said the accident occurred at the U.S. 50A Athens County Road 36 intersection.

Robert Kahler, 24, of Bolivar (Tuscarawas County), his wife, Virginia, 21, and son, Terry, 3, suffered lacerations but were released after treatment. The patrol said Kahler was the driver of the other vehicle.

### Abandons Search

MIAMI, Fla. (AP) — The Air Force has abandoned a search for 11 crewmen aboard two KC135 jet tankers which disappeared last Wednesday on a refueling mission near Bermuda. Among the crewmen were 1st Lt. Melvin C. Pump, 29, whose father, Franklin D. Pump, lives in Ravenna, Ohio.

### Cleveland Woman, 23, Charged With Forgery

CLEVELAND (AP) — Donna Pearl Scarberry, 23, year-old Cleveland blonde who, police said, tried to cash \$600 in phony trav-

elers checks, has been charged with forgery.

The FBI said Tuesday the checks were part of a batch of counterfeits believed to have been printed in California. In the past 30 days, about \$75,000 worth of the

checks have been passed in banks, motels and hotels in 13 states and Canada, the FBI said.

### Don't Take Any

UPPER ARLINGTON, Ohio (AP) — An unusual part of Mrs. J. K. Shewmaker's coin collection is a hollow nickel. She acquired it two years ago in a roll of nickels from a bank. The hollow nickel contained a defaced nickel and a dime, which gave it the usual weight of a nickel.
